

Primary student use of mobile phones and personal devices

This policy overrides the existing ICT/Mobile Phone policy for Primary & Middle school students as of 19/7/2021.

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

If primary students bring personal digital devices into the school, they are to be switched off and handed into their class teacher at the start of the day. The devices will be stored in the class device storage container which is taken up to the front office each morning for safe storage and returned to the class at the end of the day so that the devices can be returned to the students who have handed them in.

If the student does not comply

Non-compliance with the policy may result in disciplinary action in accordance to the school's student behaviour management policy or other disciplinary action, along with the possibility of the device being confiscated for the day where it will be securely stored in the Front Office. If the mobile phone is suspected to have been used for illegal purposes, it may be handed to the police.

Communication and review

The Governing Council consults with the school community on the school's mobile phone policy through the policy review committee, this is usually a three year cycle. The mobile phone policy is sent home to parents at the beginning of each year with the enrolment pack, it is also available upon request from the front office and available on the school's website.
